

Time Schedule

August 30(Thu.) 2018

Meitetsu Inuyama Hotel

2F JURAKU	
18:30-20:30	Cocktail Party
19:00	
20:00	

August 31 (Fri.) 2018

Aichi Spine Hospital ,Japan

Presentation Room					Exhibition
4F Meeting Room			3F Operarion Room		1F Lobby
RoomA	RoomB		Ope Room A	Ope Room B	
9:00- 9:10-10:10 Opening ceremony					9:00-17:30
9:10-10:10 Leaders Lecture L1			Trans-Sacral Epiduroscopic Laser Decompression (SELD) Zenya Ito		
10:15-11:45 <Live Streaming Room> Live Surgery 1-C Percutaneous endoscopic posterior decompression for lumbar lateral recess stenosis Akira Dezawa			10:15-11:45 Live Surgery 1-A	10:15-11:45 Live Surgery 1-B	10:15-11:45 Live Surgery 1-C
			Reservation Required @4F Information Desk. (Up to 15 person per room)		
12:00-13:00 Luncheon Seminar 1 1. Therapeutic feasibility of full endoscopic decompression in one- to three-level lumbar, cervical stenosis via a single skin port using a new system, Percutaneous stenoscopic lumbar decompression Kangtaek Lim 2. Can We Replace a Spinal Microscopic Surgery to Endoscopic Surgery? UBE is Possible to Do It Son Sang kyu			Percutaneous Endoscopic Laminoplasty(PEL) for lumbar canal stenosis Sumito Shimizu		
13:00- Coffee Break			Percutaneous Endoscopic Posterior Decompression for lumbar lateral Recess Stenosis Akira Dezawa		Exhibition
13:20-14:50 Lecture A1	13:20-14:30 Lecture B1				
15:00- Coffee Break					
15:05-16:35 Lecture A2	15:00-16:10 Lecture B2				
16:00- Coffee Break					
16:50-18:10 Lecture A3	16:35-17:25 Lecture B3				
18:30-20:30 Banquet Dinner Party					
19:00					

Time Schedule

September 1 (Sat.) 2018

Meitetsu Inuyama Hotel

2F JURAKU	
8:00	7:45-8:45 Board Member Meeting
9:00	

Aichi Spine Hospital ,Japan

Presentation Room					Exhibition
4F Meeting Room		3F Operarion Room			1F Lobby
RoomA	RoomB	Ope Room A	Ope Room B	Ope Room C	
9:00	9:00-10:20 Lecture A4	9:00-10:10 Lecture B4			9:00-17:30
10:00	Coffee Break	Coffee Break			
11:00	10:45-11:35 Leaders Lecture L2				
12:00	11:40-12:40 Luncheon Seminar 2 1. Prognosis of osteoporotic vertebral fracture and it's treatment strategy Hiroaki Nakamura 2. Percutaneous Endoscopic Transforaminal Spine Surgery for the Lumbar Spinal Canal Stenosis: Decompression (PELF/PEVF) and Fusion (PETLIF/PEDLIF) Koichi Sairyo		Microendoscopic Lumbar Laminoplasty Using a Special Designed Rectangle Retractor Shu Nakamura		
13:00	Coffee Break				
14:00	13:00-14:45 <Live Streaming Room> Live Surgery 2-C Microendoscopic Cervical Foraminotomy with 10mm TR Motohide Shibayama		13:00-14:45 Live Surgery 2-A	13:00-14:45 Live Surgery 2-B	13:00-14:45 Live Surgery 2-C
15:00	15:00-16:20 Lecture A5	15:00-16:10 Lecture B5	PELD-Transforaminal Approach Yasushi Miura		
16:00			Microendoscopic Cervical Foraminotomy with 10mm TR Motohide Shibayama		
17:00	16:30- Closing ceremony
